# THE NEW ERA OF INTERGENERATIONAL EDUCATION ENVIRONMENTS

## Progress of the Project

The 2nd online Learning Teaching and virtual study visit was organised at the end of September 2021. It lasted for 2 days and 10 participants, namely trainers and project managers from all partner organisations attended it.

On the first day, CSI who was the host organisation of the training presented to partners how the situation of adult centers in Cyprus is. Apart from that CSI included two interesting interviews with important stakeholders, one caregiver and one adult trainer.

On the second day all partners presented their findings from the intergenerational practices in their countries. Partners of BEST TRANE ended up to have an overview of the Intergenerational practices in Ireland, in Italy, in the UK, in France and in Cyprus. Some partners combined their presentations with really interesting videos.

Best Trane project has completed its first year in September 2021 and is moving toward its end date, which is going to be the 30<sup>th</sup> of April 2022.

**The 3<sup>rd</sup> Learning Teaching and Training Activity is planned to be organised by the Rural Hub in Ireland in February 2022.**
